

Launching a Domain of One's Own

Our Project so far...

First... let's all get on the same page...

What do we mean by 'Domain of One's Own'... type your answer on this slide:

Our Story so far...

1. Redesign of Core Communication Courses AND students needing to develop e-portfolios
2. College moving away from hosting personal/educational web pages
3. 3 words... Student Applied Projects

Communications 201 and 202

Communications faculty redesigned the First Year Communication Courses (COMM 201 and COMM 202) to refocus on the practice of writing, writing for an audience, and to participate in discourse communities. Student Blogging was at the centre of this redesign.

Some of the literature that framed this redesign:

Collaboration: LDS, IT, Purchasing

- [Project Plan](#) - demonstrating need
- Approached IT about possible solutions and what they could support
- IT manager was very knowledgeable about hosting providers etc.,
- Purchasing - bring them in early... they can help

Reclaim Hosting, Single Sign On, RACI...

Reclaim Hosting: Their Story <https://bavatuesdays.com/a-long-short-history-of-reclaim-hosting/>

What they provided us with: Multisite | DoOO
